

National Reproducible Research Network

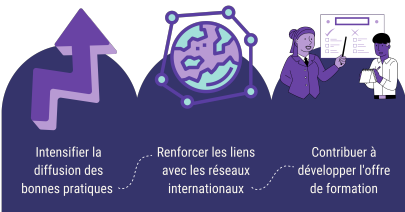

About us: a national network created in 2023
400 members, 25 scientific fields, variety of positions
8 members from various scientific fields in the steering committee

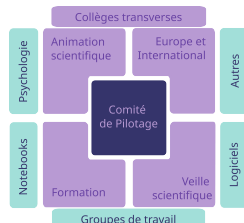

Main objectives

Main activities

Our organisation

Various events on our website

<https://www.recherche-reproductible.fr>

Webinaires

Apr 3, 2026 Qu'est ce que des Replication Games ? Pour qui et pourquoi ?
Mar 20, 2026 Populations synthétiques et simulations multi-agents du système de transport : reproductibilité et cas d'usage en France

- Webinars
- Trainings
- Awareness-raising initiatives
- Working groups
- Community managing
- etc.

Ressources

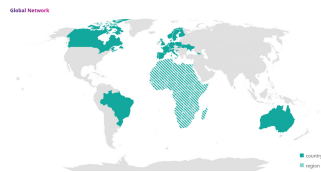

Practical cards: Psychology and Softwares working groups

https://www.recherche-reproductible.fr/gtravail/gt_psych

https://www.recherche-reproductible.fr/gtravail/gt_logiciel

International relations

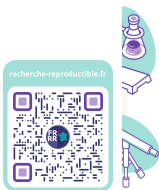

<https://reproducibility.global/global-network>

How to contribute ?

- Post an **official flyer** in your lab
 - Share ideas and suggestion
 - Join a **collège** or a **working group**
 - Organize a seminar, a bibliographic study group, a coffee around reproducibility
 - Promote **MOOCs**
 - Write a practical card on a theme
- **Every contribution is welcome !**
